

# Washington D.C. CHERRY BLOSSOMS 2010

The blooming of the cherry trees around the Tidal Basin in Washington, D.C. has come to symbolize the natural beauty of our nation's capital city. The famous trees, a gift from Japan in 1912, signal Washington's rite of spring with an explosion of life and color that surrounds the Tidal Basin in a sea of pale pink and white blossoms. For over 95 years, people from all over the world have gathered in Washington, D.C. to welcome the arrival of spring and to share the special season with each other.
